SUMMARY

Detail-oriented Software Developer with hands-on experience in full-stack web development using Python, Django, React.js, JavaScript, and TypeScript. Skilled in building responsive UI, integrating REST APIs, and developing scalable, user-centric applications following SDLC practices. Proven ability to translate business requirements into functional solutions through internship projects and AI-based applications. A quick learner with strong problem-solving skills, passionate about developing efficient software solutions in collaborative environments.

TECHNICAL SKILLS

- **Programming Scripting:** Python (Strong), JavaScript, TypeScript, Java (Basics)
- **Frontend Development:** HTML5, CSS, SCSS, React.js
- **Backend Development:** Django, Node.js, REST API Integration
- **Database:** MySQL, PostgreSQL
- **Tools:** Git, Github, Vscode, MS Excel
- **Cloud & SDLC:** AWS (Basics), ,SDLC
- **Networking:** IP addressing, Subnetting, DHCP, DNS, Routing & Switching

SOFT SKILLS

Communication skills, Time management, adaptability, quick learner, teamwork, leadership, problem solving, presentation, Documentation

INTERNSHIP EXPERIENCE

Software Developer Intern – BlueRipples Technolgies Trivandrum Nov 2025 – March 2026

- Gained hands-on experience in real-world software development projects within a professional work environment.
- Developed responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and modern frameworks.
- Converted UI/UX designs into responsive web pages ensuring cross-browser compatibility and smooth performance across devices.
- Integrated REST APIs to connect frontend interfaces with backend services for efficient data communication.
- Collaborated with designers, senior developers, and team members while following SDLC practices including development, testing, debugging, and deployment support.

Python Django Full Stack Developer – Luminar Technolab(online course) Jul 2025 – Feb 2026

- Gained hands-on experience in Python programming and backend development using the Django framework.
- Worked with Django MVT (Model–View–Template) architecture to build dynamic web applications.
- Used Django ORM and MySQL for database design, management, and data operations.
- Developed responsive web applications using HTML, CSS, and JavaScript.

- Built and integrated REST APIs to connect frontend and backend systems.

Data Science Intern – Quest Innovative Solutions

Mar 2025

- Trained and evaluated machine learning models for predictive analytics.
- Performed data preprocessing and feature engineering for improved model accuracy.

ERP, SAP & Cloud Computing Intern – Innoval Digital Solutions

May 2023

- Gained practical experience in SAP, ERP integration, and cloud-based business solutions.
- Assisted in automating business processes and improving workflow efficiency.

PROJECTS

Anti-Ragging Solution Website – ReactJS, Node.js, MySQL

- Designed responsive UI with form validation, user roles, and structured dashboards.
- Developed an AI-driven tool with emotion detection and feedback analysis.
- Demonstrated ability to automate evaluation processes and create user-focused tech solutions.

Virtual Interview Preparation Coach – Python, OpenCV, BERT

- Developed an AI-driven interview preparation tool with emotion detection and sentiment analysis.
- Integrated real-time feedback to enhance user performance and confidence.

EDUCATION

2021 – 2025	B.Tech in Computer Science and Engineering, TKM Institute of Technology, Karuvelil, Kollam	CGPA: 7.95
2020 – 2021	Class 12th, State Board, TKM HSS Karikode, Kollam	96.5%
2019 – 2020	Class 10th, State Board, TKM HSS Karikode, Kollam	98%

CERTIFICATIONS

- Fundamentals of Artificial Intelligence – NPTEL (IIT Guwahati)
- Introduction to Machine Learning – NPTEL (IIT Kharagpur)
- Cloud SAP Internship – 1 Month (May 2023)
- Full Stack Web Development Workshop – TATHVA'22, NIT Calicut
- React(Basics) - HackerRank

ACHIEVEMENTS & ACTIVITIES

- Consistently ranked top performer in academic and internship projects.
- Actively participated in coding challenges and hackathons.
- Minor Specialization – Biomedical Engineering
